Cautionary Note Regarding Forward-Looking Statements

Certain information contained in this presentation, other matters discussed today and answers that may be given in response to questions may include “forward-looking statements.” We may, in some cases, use terms such as “aim,” “anticipates,” “believes,” “could,” “estimates,” “expects,” “goal,” “guide,” “intends,” “may,” “might,” “plans,” “potential,” “predicts,” “projects,” “seeks,” “should,” “target,” “will,” “would,” or other words that convey uncertainty of future events or outcomes to identify these forward-looking statements. In particular, statements in this presentation regarding: expected completion of our acquisition of the remaining interest in CarOffer (the “Transaction”) and the timeframe in which this will occur; our transformation to a transaction-enabled platform; industry trends; our market awareness; our business and growth strategy and our plans to execute on our growth strategy; our ability to grow our business profitably and efficiently; the growth levers we expect to drive our business; our brand awareness efforts; our investments in and ability to drive adoption of new and existing products and their benefits; the attractiveness and value proposition of our current offerings and other product opportunities; our ability to maintain existing and acquire new customers; addressable opportunities; synergies that can be created from our combined offerings, including our ability to help dealers optimize margins; the potential growth, scaling and efficiency of CarOffer, as well as the value proposition of CarOffer’s business and expected transaction synergies; the potential growth and scaling of CarGurus Instant Max Cash Offer and our Digital Retail product opportunities; the impact of macro-level industry issues on our business and financial results; global and domestic economic conditions; statements regarding our future financial and business performance for the fourth quarter of 2023; and other statements regarding our plans, prospects and expectations, are examples of such forward-looking statements. You should not place undue reliance on these statements. These forward-looking statements are subject to a number of risks and uncertainties that could cause actual results to differ materially from those reflected in such statements, including, without limitation, risks related to: our growth and our ability to grow our revenue; our relationships with dealers; competition in the markets in which we operate; market growth; our ability to innovate; the possibility that certain closing conditions to the Transaction will not be satisfied; uncertainty as to whether the anticipated benefits of the Transaction can be achieved; risks of unexpected hurdles, costs or delays; the potential impact on our or CarOffer’s business due to the announcement of the Transaction; the occurrence of any event, change or other circumstances that could give rise to the termination of the definitive transaction agreement with CarOffer; our ability to realize benefits from our acquisitions and successfully implement the integration strategies in connection therewith; global supply chain challenges, increased inflation and interest rates, and other macroeconomic issues; the material weakness identified in our internal controls over financial reporting; changes in our key personnel; natural disasters, epidemics or pandemics; and our ability to operate in compliance with applicable laws, as well as other risks and uncertainties as may be detailed from time to time in our Annual Reports on Form 10-K and Quarterly Reports on Form 10-Q and other reports we file with the U.S. Securities and Exchange Commission. These factors could cause actual results and developments to be materially different from those expressed in or implied by such statements. Forward-looking statements do not guarantee future performance and actual results may differ materially from those projected. The forward-looking statements are made only as of the date of this presentation, and we undertake no obligation to update such forward-looking statements to reflect subsequent events or circumstances.

This presentation also contains estimates and other statistical data, including those relating to our industry and the market in which we operate, that we have obtained or derived from internally-prepared studies and surveys, third-party studies, industry publications and reports, as well as other publicly available information prepared by a number of third-party sources. We rely on both internal data and Google Analytics for data relating to our own key business metrics and, for consistency, we rely on Similarweb and, as applicable, third-party studies for data relating to comparisons with our competitors. Google Analytics, Similarweb and applicable third-party studies use different methodologies to derive their data and therefore their data for similar statistics are not comparable. These third-party studies and industry publications and reports generally indicate that they have obtained their information from sources believed to be reliable, but do not guarantee the accuracy and completeness of their information. This information involves a number of assumptions and limitations, and you are cautioned not to give undue weight to these estimates, as there is no assurance that any of them will be reached. Based on our experience, we believe that these third-party studies and industry publications and reports are reliable and that the conclusions contained therein are reasonable. In addition, you are cautioned not to rely on our extrapolations of internally-prepared studies and surveys and/or third-party studies, as these are estimates involving a number of assumptions and limitations, which we are unable to ensure will be reached.

In addition to the financial measures contained in this presentation that are prepared in accordance with U.S. Generally Accepted Accounting Principles (“GAAP”), this presentation includes certain non-GAAP financial measures and other business metrics. The presentation of non-GAAP financial information and other business metrics is not meant to be considered in isolation or as a substitute for the directly comparable financial measures prepared in accordance with GAAP. While our non-GAAP financial measures and other business metrics are an important tool for financial and operational decision-making and for evaluating our own operating results over different periods of time, we urge investors to review the reconciliation of the non-GAAP financial measures to the comparable GAAP financial measure included in the Appendix to this presentation, and not to rely on any single financial measure to evaluate our business.

Consumers needed easy, trustworthy answers to their car shopping questions...

1. Where can I buy a car like this if it is not in my area?
2. How do I know if I’m getting the best financing?
3. Have others liked working with this dealer?
4. Can I complete some steps of the purchase online?
5. Can I sell my car for a fair price?

... And much more.
We created a listings platform to meet their needs... But consumer and dealer needs continued to change...

1. We became the #1 listings platform¹...

2. ...But needs continued to change...

3. ...So we created an unmatched end-to-end transaction-enabled platform

- Proprietary vehicle data
- IMV price comparison
- Dealer and deal ratings
- Largest selection of inventory²

- 86% CG users want an in-person test³
- 70% Auto shoppers prefer to do more from home³
- 80% of sellers would be open to selling online³

- Largest selection of vehicles in the U.S.²
- Price comparisons
- Financing from a marketplace of lenders
- Maximized offers from thousands of competing dealers
- Flexibility to complete transaction in store or online

¹ Source: SimilarWeb: Traffic Report, Q3 2023, USA

³ 2022 CarGurus Consumer Insight Report (October 2022)
So, we transformed to meet the market...

We’ve built a full lifecycle transaction platform on top of the nation’s largest marketplace

- Largest Dealer Network\(^1\): 24,443 U.S. Paying Dealers
- Largest Consumer Audience of any Automotive Marketplace in the U.S.\(^2\): 83,900,000 U.S. Monthly Sessions

Transaction-Enabled Platform

- Dealer-To-Dealer Wholesale
- Consumer-to-Dealer: Sell My Car IMCO\(^3\)
- Digital Retail

Foundational Listings Business

---

2. SimilarWeb Audience Report, Q3 2023, USA
3. CarGurusTM Instant Max Cash Offer is also referred to as “Instant Max Cash Offer”, “Instant Max”, or “IMCO” in this presentation.
Full lifecycle solutions are possible only through synergies between our Listings, Digital Wholesale, and Digital Retail capabilities.

Linking wholesale and retail transactions more tightly for dealers through shared data on a single platform will help dealers optimize margins.

Consumers are eager to transact with confidence as we earn their trust through access to more inventory and price transparency.

...While creating full lifecycle solutions for dealers and consumers.
We have constructed a portfolio of products into a platform with stability, stickiness, and long growth runways.

**D2D WHOLESALE**
- TAM: $15B

...And accelerating growth in multiple large TAMs
The Combination of Listings, Digital Wholesale and Digital Retail Creates Powerful Synergies Unavailable Elsewhere

Bundling to drive stickiness with consumers and dealers

- **Sell My Car access** for CO + CG dealers
- **Pricing & packaging incentives** for CO + CG dealers to transact more on CO and buy premium listings tiers
- **Sales team collaboration** to bring dealers onto both platforms
- **Consumer** with incentives and discounts for using Sell My Car + Digital Retail

Operational efficiencies

- **Consolidated call center support** to serve Sell My Car and Digital Retail
- **Scalable logistics network** enabling D2D, Sell My Car, and potentially Digital Retail
- **Efficiencies on marketing spend** due to higher CLV from multiple monetization pathways
Marketplace
CarGurus Listings marketplace is a platform of scale with a ready-to-purchase consumer audience

Largest Consumer Audience Of Any Automotive Marketplace In The U.S.¹

U.S. average monthly visitors²

46.7M CarGurus
33.3M+ Competitor 1
28.8M+ Competitor 2
10.5M+ Competitor 3

Attracting dealers through industry leading consumer traffic

Shoppers are serious...
Each unique visitor spends more time on CarGurus than our leading competitors’ sites³

30%
...more minutes per unique visitor than the next competitor

... And more likely to purchase

2.5x
more likely to be the last site consumers visit before they purchase⁴
The combination of which delivers a strong ROI for dealers

Providing dealers the best investment

"CarGurus has been the best investment for our dealership! The support team we have is amazing. They are always available when we need their help and they are always looking out for our best practices!"

Kristin Wood, Show Cars of Boca Raton Medium Independent Dealer
Innovating to stay ahead of the curve & sell more efficiently…

New Products Driving **Engagement, Insights, & Efficiency**

    - ✔ Support trade-ins
...And allowing dealers to flexibly serve the consumer

CarGurus is reimagining a dealer-aligned way for consumers to transact – allowing both dealers and consumers the flexibility to choose their own journey.
Introducing Sell My Car – Top Dealer Offer

Top Dealer Offer empowers consumers to get highly competitive offers and to choose between selling their vehicle at a local dealership or selling 100% online and provides dealers with another source for used inventory and high-intent shoppers.

1. Dealer set parameters to generate bids
2. Consumer presses the “Sell My Car” button
3. Lead is submitted to the winning dealer
4. Consumer receives offers and accepts their choice
Resulting in our leading position

A Unique Combination

- Largest inventory & selection
- Largest dealer network
- Proprietary IMV
- Unique dealer ratings
- Rigorous deal ratings
- Customer-focused sort order

1. As defined in our Quarterly Report on Form 10-Q as of September 30, 2023, filed on November 7, 2023
2. Compared to major online automotive marketplaces in the U.S., defined as CarGurus.com, Autotrader.com, Cars.com, and TrueCar.com. Based on YipitData as of September 30, 2023
1. For the year ended December 31, 2022, Marketplace (U.S. Segment & Other) Gross Profit reflected certain Dealer-to-Dealer and IMC related capitalized website development amortization incurred by the U.S. Marketplace segment. During the three months ended March 31, 2023, the Company updated Marketplace (U.S. Segment & Other) Gross Profit to exclude certain Dealer-to-Dealer and IMC related capitalized website development amortization incurred by the U.S. Marketplace segment and accordingly updated three months ended March 31, 2022, June 30, 2022, September 30, 2022 and December 31, 2022 for comparative purposes.

2. Please see the Appendix to this presentation for a reconciliation of these non-GAAP measures.
Digital Wholesale
Sell My Car: Instant Max Cash Offer—offering dealers the only direct to consumer channel at scale

Access to unique inventory is a differentiator for any wholesale platform

“Like most dealerships today, we are leaving no stone unturned when it comes to inventory acquisition strategies, and the CarGurus Instant Max Cash Offer feature has opened up a stream of access to consumer-owned vehicles.”

Imed Chahed, GM at McGee Pre-Owned Superstore.

When you’re an independent dealer, your time is spent mostly sourcing vehicles... Every piece of inventory we purchase, we have to go find—and the key to that is CarGurus and CarOffer. Combining forces has given CarOffer the secret weapon, and that is they can use the Instant Market Value of CarGurus to help us dealers source vehicles.”

Jerad King, General Manager of King Buick GMC

1. We define Gross Merchandise Sales (GMS) as the aggregate recorded vehicle cost remitted to the selling entity, excluding all fees and other charges associated with the Transactions, as separately defined, within the applicable period. We do not believe GMS is a KPI because the selling price of the vehicle is not material to assessing the health of and forecasting volume on our platform. GMS figures are rounded down to the closest $5 million increment.

2. We define Transactions within the Digital Wholesale segment as the number of vehicles processed from car dealers, consumers, and other marketplaces through the CarOffer website within the applicable period. Transactions consists of each unique vehicle (based on vehicle identification number) that reaches “sold and invoiced” status on the CarOffer website within the applicable period, including vehicles sold to car dealers, vehicles sold at third-party auctions, vehicles ultimately sold to a different buyer, and vehicles that are returned to their owners without completion of a sale transaction. We exclude vehicles processed within CarOffer’s intra-group trading solution (Group Trade) from the definition of Transactions, and we only count any unique vehicle once even if it reaches sold status multiple times.

3. In prior periods, we calculated CarOffer Total Transactions as each unique vehicle that reached a particular “final destination” rather than our current methodology for calculating Transactions of counting each unique vehicle that reached “sold and invoiced” status. Under the prior period methodology, the count for a given period could change due to an adjustment in transaction status in a subsequent period. We believe the current methodology for calculating Transactions provides a more consistent and re-creatable measure. Relatedly, our prior period GMS calculations used underlying CarOffer Total Transaction counts based on the “final destination” methodology. We also calculated our prior period GMS as the aggregate recorded vehicle cost “paid to seller”. Our current GMS calculation is based on the updated Transactions methodology and is calculated as the aggregate recorded vehicle cost remitted to the selling entity, which we believe results in a more consistent and re-creatable measure.

The fourth quarter and full-year 2023 non-GAAP EPS calculation assumes 113.5 million diluted weighted-average common shares outstanding.

The assumptions that are built into guidance for the fourth quarter and full-year 2023 regarding our pace of paid dealer acquisition, churn, and expansion activity for the relevant period are based on recent market behaviors and industry conditions. Guidance for the fourth quarter and full-year 2023 excludes macro-level industry issues that result in dealers and consumers materially changing their recent market behaviors or that cause us to enact measures to assist dealers. Guidance also excludes adjustments to the carrying value of redeemable noncontrolling interests resulting from potential changes in the redemption value of such interests, and any potential impact of foreign currency exchange gains or losses.

CarGurus has not reconciled its guidance of non-GAAP consolidated adjusted EBITDA to GAAP consolidated net income or non-GAAP consolidated EPS to GAAP consolidated EPS because the reconciling items between such GAAP and non-GAAP financial measures, which include, as applicable, stock-based compensation, amortization of intangible assets, impairment of long-lived assets, depreciation expenses, non-intangible amortization, other income (net), the provision for income taxes, income tax effects, and adjustments to the carrying value of redeemable noncontrolling interests resulting from changes in the redemption value of such interests, cannot be reasonably predicted due to, as applicable, the timing, amount, valuation and number of future employee equity awards, and the uncertainty relating to the timing, frequency and effect of acquisitions and the significance of the resulting acquisition-related expenses, including adjustments to the carrying value of redeemable noncontrolling interests resulting from potential changes in the redemption value of such interests, and therefore cannot be determined without unreasonable effort.

Compelling Strategic Rationale

1. Provide synergistic platform benefits for consumer and dealer customers
2. Accelerate new product opportunities for our end-to-end platform
3. Recognize operational synergies of integrated platform sooner
4. Serve the full consumer vehicle-buying lifecycle
5. Bundling opportunities to drive stickiness with consumers and dealers
6. Reduce future uncertainty about deal timing and valuation

1. For the year ended December 31, 2022, Digital Wholesale Gross Profit did not reflect certain Dealer-to-Dealer and IMCO related capitalized website development amortization incurred by the U.S. Marketplace segment. During the three months ended March 31, 2023, the Company updated Digital Wholesale Gross Profit to reflect certain Dealer-to-Dealer and IMCO related capitalized website development amortization incurred by the U.S. Marketplace segment and accordingly updated three months ended June 30, 2022, September 30, 2022 and December 31, 2022 for comparative purposes.
2. We define Non-GAAP Digital Wholesale Gross Profit as the difference between GAAP Digital Wholesale Revenue and GAAP Digital Wholesale Cost of Revenue adjusted for the impacts of Amortization of Intangible Assets and Stock-Based Compensation Expense in GAAP Digital Wholesale Cost of Revenue. We believe this non-GAAP financial measure presented in this Investor Deck provides useful information that will allow investors to evaluate our operating performance.
3. We define Non-GAAP Digital Wholesale Gross Profit Margin as Non-GAAP Digital Wholesale Gross Profit divided by GAAP Digital Wholesale Revenue. We believe this non-GAAP financial measure presented in this Investor Deck provides useful information that will allow investors to evaluate our operating performance.
1. For the year ended December 31, 2022, Marketplace (U.S. Segment & Other) income from operations reflected certain Dealer-to-Dealer and IMCO-related capitalized website development amortization incurred by the U.S. Marketplace segment. During the three months ended March 31, 2023, the Company updated Marketplace (U.S. Segment & Other) income from operations to reflect certain Dealer-to-Dealer and IMCO-related capitalized website development amortization incurred by the U.S. Marketplace segment and accordingly updated three months ended June 30, 2022, September 30, 2022 and December 31, 2022 for comparative purposes. Impact of depreciation and amortization was updated accordingly as well.

2. We define Marketplace (U.S. Marketplace Segment & Other) Adjusted EBITDA, a non-GAAP measure, as GAAP Marketplace (U.S. Marketplace Segment & Other) Income from Operations plus Digital Wholesale Adjusted EBITDA, a non-GAAP measure, as GAAP Marketplace (U.S. Marketplace Segment & Other) Income from Operations, adjusted to exclude: Depreciation & Amortization; Impairment of Long-Lived Assets; and Stock-Based Compensation Expense. We believe this non-GAAP financial measure presented in this Investor Deck provides useful information that will allow investors to evaluate our operating performance.

3. Marketplace (U.S. Segment & Other) Adjusted EBITDA plus Digital Wholesale Adjusted EBITDA may not equal Consolidated Adjusted EBITDA due to rounding.
